CORRUGATED BOARD TYPES

Single face board

Single wall board

Double wall board

Triple wall board

CORRUGATED BOXES

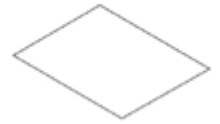

1 - Regular Slotted Carton

Most common shipping box; easily assembled, flaps can be taped shut

7 - Pad

Corrugated sheets used in packaging to protect and/or divide contents within a box

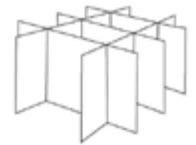

2 - Center Special Slotted Container

Very strong box; all flaps meet at center, creating a double layer of corrugated board

8 - Scored Divider Panel

Corrugated panels separate and protect products within a shipping container

3 - Full Overlap

Flaps extend from side to side, making it ideal for heavy objects and rough handling

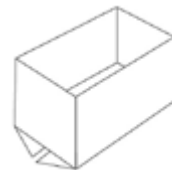

9 - Full Telescope Half-Slotted Box

Two-piece box, both in slotted style. Full depth cover.

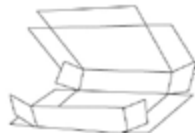

4 - Half Slotted Carton

No top flaps, but can be provided with a lid for top cover

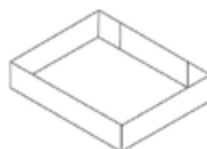

5 - Five Panel Folder

Unglued corrugated box used for packaging large and oddly shaped items

6 - Tray

Perfect for transporting small, lightweight loads; easy-to-fold sides add stability

CORRUGATED FLUTES
